Hank: Hello and welcome to Games with Hank. I'm Hank, this is Games with Me, as previously stated. We are today playing Telltale Games Game of Thrones. If you watched the last one, you know that this game will be full of bleeps and blood and ineptitude, so at least going by my experience last time, but what I've done is instead of--I've plugged in my controller instead of the mouse, hopefully that will allow me to pass by the point that I was at last time when I played this game, which was really deeply embarrassing.

Oh, there, yeah, that part, I remember this, where that guy gets stabbed. Appa--I don't think that is Lord (?) though, now that I've thought about it some, I think that's a different guy. Alright. Ready boys. Wow, shoot that one. I don't know which stick to push up on, but I pushed up on both and we're fine. Oh, I didn't realize that was--Man that was a short--well I did better that time. I got it. Alright, so I don't know if you even can do this without a controller. I don't know how I managed to do the other ones, but go go go go go go go... I don't know, which one is it? Wow, shoot. Okay. Alright. Oh I knew this one. Oh I was at R2, that was not what I pushed. Oh yeah, thanks buddy! Stabby stabby stabby... There's a fiery cart and it's--Oh, that hurt! That hurt! What, are you running towards the fiery cart? Okay. What are you going to do with it? Are you going to get under--that's a good place, stay there! Crawl forward for--I agree that if you don't crawl forward for safety, you are going to die of fire. That was maybe not the best idea.
