Hank: Hello, and welcome to Hank Green Plays Portal. GLaDOS is apparently developing a conscience, I am going up here, uh, we, together, are fighting Wheatley, which is strange, to be working together with this woman who I so obviously haaa...ooohhh

GLaDOS: Corrupted cores! We're in luck. You find a way to stun him, I'll send you a core, and then you attach it to him. If we do it a few times, he might become corrupt enough for another core transfer.

Hank: I think he's corrupt- I think he's corrupt, man. I think we can label him corrupt. But do I, like, leave you somewhere? 'Cuz you said that- okay, we've got more explodeys, got that goo, got *that* goo, and...

GLaDOS: Plug me in, and I'll take you up.

Hank: Are you serious? Alright, sure, it's a potato, it can do that.

GLaDOS: Look, even if you think we're still enemies, we're enemies with a common interest: *revenge.* You like revenge, right? *Everybody* likes revenge. Well, let's go get some!

Hank: Yes, I remember taking that on you. Let's go get some. Alright.

Wheatley: Well, well, well. Welcome... to *my lair!* Let me just flag something up: according to the control panel light up there, the entire building's going to self destruct in about six minutes.
