K: Hello and welcome to hankgames without Hank. Hankgames with Hank as an accessory.

H: I'm over here.

K: I'm Katherine, and I am playing Legend of Zelda: Skyward Sword. That is Zelda, and I am Link. Someone has s-mysteriously disappeared my Loftwing, and I have to try and find it, before the important ceremony that's going on this evening or whatever. So... Mostly I've just been pushing 'A'. I'm gonna continue pushing 'A' (Laughs) until something starts to happen.

Everybody gets to fly except me! Dang it. I still have not found Professor Horwell, or whatever his name is. Um... Is this the plaza? Am I in the plaza? Well... Then where is he? I don't know. I-I mean...

I'm gonna read it. If it gets in my way. Errr... Who's on the bench? On the group-dovey bench? That's not Professor Horwell. Is it? I did. I-my father checked with him already.

Aw...man. It's very inconvenient when you don't know where anything is. And you don't know *who* anyone is. Ya! Ya! Hm, hey-ho! Let's go! Aw...come on! I don't know what this means. I don't see what the point of that is.

Okay... This does not look like a good place for me to be at the moment with no bird.
