Lydia: I am so, so sorry I left you all with Lizzie for so long. Such a totes trag mistake. But not to fear because I am back, and what's better is that I'm not at home. Oh no, I'm in Vegas! How awesome, right?

So while my friends are getting in tomorrow we are going to make this town our bitch, I know we're gonna party hard into the night, every night. And without the threat of lame old Lizzie watching my videos I am free to do whatever the hell I want. This is gonna be THE Lydia Bennet as you have never seen her before.

I hope you're ready because I am sounding the alarm and this is not a drill. Alright, I don't need my friends to start having fun, I am off to grab some booze, hunt down some boys and break some hearts. It's time to do some serious damage.

And Lizzie, if you are watching these, this is your last warning to stop. You're not going to like what you're gonna see, so you'd better not be watching.

Until next time, this has been the Ly-di-ah, wake up Vegas because this party train is not slowing down for anyone. Hm!
