Maria: Well, it's my last week here working at Collins and Collins and to sum up my experience I'd have to say--

Charlotte: That you're kind of ready to go back to school.

Maria: It's been great working here but... my boss is such a meanie.

Charlotte: But look at the work she got out of you! You did a really good job in your sample demonstration video and with these personal videos. Even when you did post the bits you were supposed to trash and trash the bits you were meant to post!

Maria: Well, people like the DIY look! Makes the videos feel more authentic.

Charlotte: Did you just quote me?

Maria: You have a lot of fans out there! By the way, you should start posting on your tumblr again.

Charlotte: Okay since when did this become about me?

Maria: Since you had me make these videos because you miss making the LBD with Lizzie.

Charlotte: I saw the look you gave at the end of your last video. It's not true. You were the one who wanted a chance to work in video production.

Maria: I wanted to do this video as a clip show with flashbacks, okay? Projected from a soup terrine to make it look like a Pensieve! But someone nixed that idea--

Charlotte: Because it doesn't make any sense!

Maria: Dude we lived in the same house all my life. You're such a nerd. How do you not get these references?

Charlotte: That was Lizzie's job!

Maria: You should call her.

Charlotte: It's not that simple.

Maria: I think you're wrong about that.

(Maria starts playing Missing Charlotte - Ep. 43)

Charlotte: No! I can't...

(Video keeps playing)
