Rachel: Hey guys. It's Tuesday April 19th and it's another day of VEBDA.

(Intro)

So today is National Hanging Out Day, and it's pretty much what it sounds like. Hanging Out Day wants to encourage communities to learn about the benefits of hanging out your clothes. For one, it's good for the environment and it saves you some cash. I actually hang almost everything because I don't want my shirts to shrink.

Today is also Education and Sharing Day, and we love education here at DFTBA. So if you do too check out AsapSCIENCE. Or one of these three Brad Meltzer posters. If you love science, check out our SciShow merch, or if you love all things learning don't forget to check out our Crash Course site.

That's it for today, friends. Thanks for learning with us. Hope to see you tomorrow and don't forget to be awesome.
