(Intro - I'm so bad at game!)

Hank: I'm losing to Swindon Town as Arsenal. And then I passed it straight into you guys!

John: Yeah, I am, I am indeed not playing, I'm not controlling Swindon Town right now, the computer is. Is there a way to fix that problem? All the buttons I push are for nothing, because the computer is in control of Swindon Town.

Katherine: And Hank is still...

John: I repeat, the computer is in control of Swindon Town. It was doing fine, don't get me wrong, but, like...

Hank: I don't know how you turned yourself off.

John: Uh, this is, this is a disaster.
