*bleep*ing Canadians, thinking that sugar beets are sugar. Rock Master Scott & the Dynamic Three's hit... It's so hard to say "Rock Master Scott & the Dynamic Three's". Is that right? Sock? Spain-laden golden gal... what the *bleep* am I saying? more complicated understanding... more complex, f***. And as there was limited water and firefighting resources, this sometimes resulted in letting the mother***** burn. [laughs] That didn't go well. That was the death buzz of a fly. Okay, here we go... It's a big document, sorry. Okay, one more try. Plus, I gotta retie the document every time I f*** up. That's annoying. I don't have a joke. You gotta hit the record button. [off screen] I did! [John] It's not red! [off screen] Yes it is. You just can't see it. [John] Oh, you're right! You're so pretty! It's thin-lipped, but in a good way... That was too much. And this meant... I gotta fix my glasses. This is America! Wasn't in the shot. Crash Course is produced and dir... oh! Whoa! Whoa! Whoa, whoa. All right. Our script supervisor is Danica Johnson... nope! The associate producer is... aaah. That wasn't very good. I'm gonna do it again. [laughing off screen] The show is written by my high school history teacher, Raoul... God, I was close. Thanks for... whoa! I'm off screen. [laughing] You didn't like that? [off screen laughing] I have some flirtatious notes to exchange with Jessica Alvarez... I know she's not gonna hook up with me! Gaaah, Mr. Green, you're always ruining everything.
